

# **CITIZENS!**

## **THE TIME HAS COME TO GIVE UP YOUR FREEDOM!**

In these dark days of peril, a new danger has arisen. Our MPs are at risk of annoyance. These, our sacredly elected representatives, daily risk confrontation with ever more angry protesters outside Westminster. Harsh words may be spoken. Glaring banners may be waved. MPs may be shouted at, and put off their breakfast.

## **THIS WILL NOT DO!**

How can these brave men and women function in the face of such hostility? Imagine how you would feel in their position. Imagine if a fat tramp who hadn't shaved since the occupation of Basra began to shout at you about Iraq. Imagine this, and think: could you function? No, of course you couldn't. The strain would be too much. Never mind the terrorists; this would threaten your ability to work effectively.

## **THESE PROTESTS PREVENT MPs FROM WORKING PROPERLY.**

## **THEY ARE A THREAT TO OUR DEMOCRATIC REPRESENTATIVES – AND TO DEMOCRACY! THEY MUST BE STOPPED!**

Thankfully, Her Majesty's benevolent government has stepped in. By banning these irksome protestors from Westminster, they have saved our democracy. We must thank Mr. Blair and Mr. Brown for their generosity in showing us that, to save democracy, we must first crush it.

## **THANKFULLY, BROWN IS A LIAR AND HAS BROKEN HIS PROMISE TO STOP BANNING PROTESTS.**

In July, just before he took office, Gordon Brown told the Sunday Times that he would repeal the Serious Organised Crime and Police Act. To his credit, this bastion of deception and falsehood has seen sense and failed to do as he promised. He has inadvertently protected his precious Parliament from the nuisance of protests.

## **DON'T LET THE TERRORISTS WIN!**

Because terrorists, of course, love to protest peacefully outside the Houses of Parliament before they detonate their explosives.

## **THINK OF THE CHILDREN!**

If only because Ed Balls isn't doing a very good job as Children's Minister.

## **PEACEFUL PROTESTING MUST BE STOPPED!**
